

A Sweeping Bargain Event

Still Greater Sacrifices

Our Clean Sweep Sale has been a great success. Immense quantities of merchandise have been swept out of our store by eager buyers. But the greatest success in connection with this sale has been our success in educating the people as to what a Clean Sweep Sale really means. They have found that they came here and bought the same goods they had seen throughout the present season at reductions that made it well worth while. By this we mean that they did not come and find garments especially bought and made up for sale purposes. Garments of this kind could not possibly be bargains at any price. Our sole object in holding Semi-Annual Clean Sweep Sales is to get ready for the coming season. This we are now doing and the coming week we will make still greater sacrifices on garments and other merchandise that have not moved in sufficient quantities at the Clean Sweep prices they have been carrying. The following condensed catalogue is worth reading, as it contains values that cannot be duplicated in El Paso because the garments themselves cannot be duplicated.

Sacrifice of All Suits

Every suit in the store is now offered at a Clean Sweep price. Both two- and three-piece suits in the following lots. Every fashionable color is shown, every good fabric, every late style—and the size range is still complete. Read these prices!
